K-map rules for grouping:

▶ Cover the 1's with rectangles, using the following rules:

▶ Each rectangle must cover 2^K squares, where K = 0,1,2,…

▶ Rectangles are drawn as *large* as possible.

▶ Use as *few* rectangles as possible.

▶ Rectangles are drawn vertically or horizontally, not diagonally.

▶ Rectangles can *overlap*.

▶ Rectangles can wrap around the edges.
